

INCHELIUM SCHOOL DISTRICT NO. 70

DISTRICT GOAL PLANNING

Mission: “To Promote life-long learning, respect, and citizenship through quality academics”

Vision: “Every student, in every grade should be taken from where they are academically and socially to his/her optimum level of achievement in all subject areas.”

Goal	Our Belief Statements
Establish Clear Lines of Communication within the District*	We believe our chief priority is a safe learning environment built upon self-discipline, cooperation, and communication.
Construct a Learning Environment Based Upon Respect	We believe all people have dignity, worth, and value. Each person deserves to be treated with respect (unconditional positive regard) and fairness (fair does not mean equal).
Develop Collective Capacity of Staff and Students	Professional development of individual teachers is high quality, ongoing, job-embedded, differentiated, and aligned with identified needs based on staff evaluation and student performance, with an emphasis on indicators of effective teaching.
Graduation from High School On Time Career & College Ready*	We believe the development of skills and perspectives that encourage lifelong learning will increase life and career choices.
Improved Performance on State Assessments from the Previous Year	We believe optimum learning is balanced by clear and firm expectations with acceptance and encouragement.
Increase Student Voice	We believe students have a shared responsibility for their own learning.
